Infrastructure 5000

Top Owners 2023 Edition

Bentley[®]

The 2023 Bentley Infrastructure 500 Annual Rankings

The Bentley Infrastructure 500 is a ranking that is published annually of the top owners of infrastructure around the world from both the public and private sectors. The rankings make it possible to readily compare investment levels across types of infrastructure, regions of the world, and public and private organizations.

Bentley Systems has compiled the Bentley Infrastructure 500 to help global constituents appreciate and explore the magnitude of investment in infrastructure and the potential to continually increase the return on that investment. The Bentley Infrastructure 500's value, at over USD 19.37 trillion, is larger than the combined 2023 GDPs of China and India. Bentley is committed to increasing infrastructure investment returns by going digital with innovative solutions that enhance project delivery and asset performance.

Infrastructure Value (USD Millions) and Top Owners by Country

Disclaimer: These rankings are based on information available to us concerning the tangible fixed assets of each entity. They incorporate discretionary judgments and are necessarily inexact for a number of reasons, including that information publicly available may not be up to date, information is not equally available concerning every entity, values must be converted from different currencies, and in some cases estimated non-infrastructure values must be deducted from overall asset figures to approximate the value of tangible fixed assets. Bentley Systems, incorporated expressly disclaims all representations and warranties as to the accuracy of the information or its suitability for any purpose. Please visit **www.bentley.com/BIS00** if you wish to provide new or updated information about your organization for consideration in the 2024 edition of the *Bentley Infrastructure 500*.

2023 Bentley Infrastructure 500

Top Infrastructure Owners

The Process Behind the Rankings

The *Bentley Infrastructure 500* ranks owners according to their reported tangible fixed assets (or other comparable noncurrent physical assets, such as buildings or fixed structures, land, and machinery). Included in the rankings are public- and private-sector entities with financials reported in the past three years (to allow flexibility in varying reporting schedules). The values presented are assessed net of depreciation and amortization and calculated to exclude, where data is available, assets not representative of infrastructure, such as movable fleets, equipment, and software.

Additional footnotes:

- Data sources for this ranking include financial statements and third-party data providers.
- All values have been translated into U.S. dollars (millions).
- Majority-owned subsidiaries with parents already in the rankings have been excluded (unless explicitly reporting separate financials).

The *Bentley Infrastructure 500* is updated annually. Please visit <u>www.bentley.com/BI500</u> if you wish to provide new or updated information about your organization for consideration in the 2024 edition of the *Bentley Infrastructure 500*.

About Bentley Systems

Bentley Systems (Nasdaq: BSY) is the *infrastructure engineering software* company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organizations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Our offerings, powered by the *iTwin* Platform for infrastructure digital twins, include *MicroStation* and *Bentley Open* applications for modeling and simulation, *Seequent's* software for geoprofessionals, and *Bentley Infrastructure Cloud* encompassing *ProjectWise* for project delivery, *SYNCHRO* for construction management, and *AssetWise* for asset operations. Bentley Systems' 5,000 colleagues generate annual revenues of more than \$1 billion in 194 countries. **www.bentley.com**
